INTRODUCTION

The San Benito County Child Abuse Prevention Council (CAPC) (hereafter, "Council") is requesting responses from qualified consultants to provide professional and technical service to the Council, a commission of the Board of Supervisors.

The initial contract will commence August 1, 2018 through June 30, 2019, with a possible additional one- year terms based on service need, consultant performance, and funding availability. Contract amount is commensurate with qualifications.

This RFP shall result in a single award which shall not exceed \$15,000 annually based on qualifications and experience, and prorated the first year.

BACKGROUND

The San Benito County Child Abuse Committee was initially established by the San Benito County Board of Supervisors on November 15, 1977. In approximately 1994, the San Benito County Child Abuse Committee began to function in tandem with the San Benito County Family Preservation and Support Board. On October 2, 2001, the San Benito County Board of Supervisors approved a Resolution, which separated the San Benito County Child Abuse Committee and San Benito County Family Preservation and Support Board, as well as changed the Committee's name to the "San Benito County Child Abuse Prevention Coordinating Council" in accordance with applicable legislation.

Although the San Benito County Board of Supervisors created the Council, it is an independent organization functioning within county government pursuant to Welfare and Institutions Code § 18983.5. The San Benito County Board of Supervisors directed the Council to create Bylaws, which were successfully completed and approved by the Council on October 22, 2001.

The primary purpose of the Council is to coordinate the community's efforts to prevent and respond to child abuse (Welfare and Institutions Code § 18982). The functions of the Council include, but are not limited to, the following (Welfare and Institutions Code § 18982.2):

- (a) Providing a forum for interagency cooperation and coordination in the prevention, detection, treatment, and legal processing of child abuse cases.
- (b) Promoting public awareness of the abuse and neglect of children and the resources available for intervention and treatment.
- (c) Encouraging and facilitating training of professionals in the detection, treatment, and prevention of child abuse and neglect.
- (d) Recommending improvements in services to families and victims.
- (e) Encouraging and facilitating community support for child abuse and neglect programs.
